W. T. Gillmor,

THE FURNITURE MAN.
Begs to announce that he will com-
mence to-morrow (Wednesday) to un-
pack another car load of new furniture.
This car of goods has been bought of
the best and largest manufacturing
houses in Ontario and Quebec, whose
employee I was in and whose recom-
mendations I hold. As their confi-
dential employee I knew the very lowest
figures for which they ever sold goods
and I buy at these prices giving the
entire benefit to my customers. The
following are a few of the lines to
which I respectfully call your attention

TABLES AND CHAIRS
Reed and Rattan, ornamented tables,
and chairs (not cheap wicker) but good
genuine "RATTAN". Polished oak wal-
nut and maple fancy rockers uphol-
stered in silk and new hair plush.
Polished oak extension tables and
boards with polished oak high back
dining chairs, arm chairs, beautifully
carved and upholstered to stock. A
very large variety of sitting room,
bedroom and dining room, perforated
cane and wood sea, rocking, arm and
reception chairs, also office chairs,
arm, and revolving chairs.

BEDROOM FURNITURE
Several kinds of wood falling leaf
tables in great variety of shapes and
sizes. Cradles, cribs, high chairs for
the babies, wire mattresses, picture
frames, etc., and a hundred other re-
quested to come in and see our stock. Mr.
Nelson or myself will be pleased to
show you goods and quotations—and
our prices are astonishing everybody.
Thanking you most sincerely for past
favours and respectfully soliciting a
continuance of your patronage which
we will do everything in our power to
merit.

I am yours respectfully,
W. T. GILLMOR.

HUDSON'S BAY COMPANY.

**Two Hundred and Twenty-Five Years
Old, but Still Progressive With
the Times—This Year
Improvements.**

To meet with the requirements of
their increasing trade the Hudson's
Bay company are carrying on, or
have already completed this year, sev-
eral very important buildings. In
Winnipeg a considerable addition is
being made to the already massive pile
of buildings that stand at the corner of
Main and York streets. In the rear
of the block is being erected a ware-
house of the same character and de-
scription of the present one on York
street. This will make the block a
continuous one from Main street to
Fort street, the largest business build-
ing and the most complete of its kind
in the city. It is intended, princi-
pally for the handling and packing of
goods for other points, and is of stone
and brick, four stories in height, cor-
responding in detail with the remain-
der of the structure.

At Portage la Prairie, the wooden
building that for many years has done
duty as the company's store, is being
replaced by a stone and brick build-
ing, two stories in height, with plate
glass fronts, measuring 70x50. This
building is on the best part of Sas-
katchewan avenue, the principal
business portion of the town. The old
store has been removed to a vacant
lot, somewhat to the westward, and
business is still being carried on there
pending the completion of the new
and more commodious buildings.

Calgary has many fine blocks, but
with the addition that the Hudson's
Bay company is now making to their
store there, it will be among the fin-
est in the town. The present store
is being duplicated. This means the
construction of a building of 10 feet
frontage on Stephens avenue, in the
very centre of the business buildings
of this growing and important town.
The Calgary store, than which there
are few more beautiful and suitable
for buildings is being used, and when
completed, the Hudson's Bay com-
pany's store will be an ornament to
this progressive town.

Further west at Kamloops a new
store has been completed. The com-
pany's old property lies in the extreme
western portion of the town, and to
meet the necessities of business they
have moved to the more business
part of the town, and have just com-
pleted a brick and stone store, two
stories high, which is in keeping with
the character of the other buildings of
this western city.

At Vancouver, in addition to the
fine general store, which stands on
Granville street, opposite the Hotel
Vancouver, the Hudson's Bay company
now have a large and commodious
warehouse on Water street, which is
used for the storage of their own
goods, and for general storage and
warehousing purposes. It is a four
storey stone and brick building, 80x112
feet, which forms one of the most con-
venient warehouses the company pos-
sesses, and the best of its kind in Van-
couver.

To return eastward, one finds at
Rat Portage another new building re-
cently completed, in extension to the
existing store. The requirements of
this beautiful watering place are an-
nually increasing and to keep pace
with the times the Hudson's Bay com-
pany have added to the former store
a building of stone, two stories high.

The unfortunate fire at Prince Al-
bert last winter, whereby the com-
pany's mill and elevator, just renova-
ted, and improved, were completely de-
stroyed, has, it is pleasant to observe
not had the effect of making the com-
pany faint hearted. It was a loss,
much to be regretted, but the town of
Prince Albert is the gainer thereby.
In place of wooden buildings, always
more or less a source of danger from
fire, when used for milling purposes,
there is now being put up a solid
brick building on stone foundation,
fitted with the latest and most im-
proved modern machinery, lighted by
electricity and heated by steam. It is
here most of the flour for the inland
posts is made. A valuable and im-
portant building to the farming inter-
ests of this district, and the hope of
the community, is that no accident
may befall it as has happened to its
two predecessors.

At the Fort Garry mills at Winni-
peg, during the past season, much has
been done to meet the requirements of
modern milling. The building has
been placed upon a stone foundation,
and much of the machinery has been
changed for the most modern and im-
proved, and the mill, while by no
means as large as many others, is a
wrapper.

complete institution.

It is encouraging to the average
settler, merchant or resident of the
Northwest to see that this vast and
important trading organization is thus
showing its faith in the future of this
country. The buildings are all plain
and substantial, but they meet the re-
quirements of the development of the
trade of the vast Northwest. The Hud-
son's Bay company is thus certainly
pursuing a progressive, yet cautious
policy, and one which cannot fail to
result in good to the country and to
the company.

Saturday 31st inst., the Salvation
Army commence holding their annual
Harvest Festival which continues
until the 3rd of Sept.

ing, call at Geo. W. Baker's where it
will receive immediate attention by a
practical man.

RELIEF IN SIX HOURS.—Distress-
ing Kidney and Bladder diseases relieved in
six hours by the "GREAT SOUTH AMERICAN
KIDNEY CURE." This new remedy is a
great surprise and delight on account of
its exceeding promptness in relieving
pain in the bladder, kidneys, back and
every part of the urinary passages in
male or female. It relieves retention of
water and pain in passing is almost
immediately. If you want quick relief
and cure this is your remedy. Sold by J.
G. White & Co.

For some time past certain dealers
have been selling inferior brands of
tobacco when "T & B" is asked for,
thus not only trading on the reputa-
tion of the manufacturers but also in-
juring the sale of the article. The
Geo. E. Tuckett & Son Co., of Hamil-
ton, have taken the matter in hand
and intend prosecuting the offenders.
Smokers should be careful to see the
"T & B" stamp on each plug as, to
gain extra profit, unscrupulous
dealers tear the tag of other brands
and say it is "T & B" and "just as
good."

RHEUMATISM CURED IN A DAY.—South
American Rheumatic Cure, for Rheuma-
tism and Neuralgia, radically cures in 1 to
3 days. Its action upon the system is
remarkable and mysterious. It removes
at once the cause and the disease im-
mediately disappears. The first dose greatly
benefits. 75 cents. Sold by J.G. White
& Co.

Every business man ought to read "Dol-
ars and Sense," a money making book by
Nathl C. Fowler, Jr., the leading expert
on business and advertising. 18 chapters
illustrated with 100 plates, presenting
every style of effective advertising, with
examples of reading notices, circulars and
headlines. It tells the plain truth about
advertisements and exposes ineffective
methods. Any reader of THE TIMES who
will send check, postal note or postage
stamps to the value of twenty-five cents
to the Trade Company, Boston, Mass.,
will receive the book by prepaid mail.

The August number of the Delineator
is called the midsummer number
and contains a large variety of inter-
esting matter suitable for the season.
Ladies who have deferred completing
their summer wardrobes will be par-
ticularly pleased with this number, for
the styles were never more dainty and
appropriate. A special article is de-
voted to pressing for stout ladies, and
another to bathing and swimming,
with illustrations of the latest fashion
in swimming costumes. Mrs. Rogers
A. Pryor's article on the etiquette of
letter writing bears the stamp of author-
ity and will be helpful to every one
who reads it; and the part on Art
needlework in the employment series
will direct the attention of many wo-
men as a means of livelihood. The
Ontario Ladies College, Whitby, Ont.,
is interestingly described by an ex-
graduate, the popular Kindergarten
series is continued by Mrs. Sara Miller
Kirby, and Harriet Keith Forber con-
tributes an artistic paper in the series
on burnt work. There is a very prac-
tical paper on cleaning and renovating
lace, feathers and gloves, and a vari-
ety of useful information is given in
the monthly talk around the tea table.
The Housekeeper will find some new
recipes on seasonable cookery, and
much that will help to make housework
easier in the housewife should know.
There is also an excellent arti-
cle on the newest books and others
on floral work for August and the re-
lations of mother and son, new deli-
gns are illustrated and described in knit-
ting, tetter, lace making, etc. Sub-
scription price of the Delineator \$1.00
per year, 15c. per single copy. Address
the Delineator Publishing Co. of Tor-
onto, Ltd., 33 Richmond St. West,
Toronto, Ont.
